

## Recombinant Human CRYBB1 Protein

db51725

Package : 10µg 50µg 100µg 1mg

**Product Name** : Recombinant Human CRYBB1 Protein**Cat.No.:** db51725**Synonyms** : Beta-crystallin B1, CATCN3.**Application** : Positive Control, Immunogen, SDS-PAGE, WB**Tag** : N-6His**Expression host** : E.coli**Species** : Human

|                          |                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>           | 1414                                                                                                     |
| <b>Swiss Prot</b>        | P53674                                                                                                   |
| <b>Synonyms</b>          | Beta-crystallin B1, CATCN3.                                                                              |
| <b>Application</b>       | Positive Control, Immunogen, SDS-PAGE, WB                                                                |
| <b>Molecular Weight</b>  | 29.1 kDa (260aa) (SDS-PAGE under reducing conditions)                                                    |
| <b>Species</b>           | Human                                                                                                    |
| <b>Purity</b>            | >95% as determined by SDS-PAGE.                                                                          |
| <b>Seq</b>               | 1-252aa                                                                                                  |
| <b>Tag</b>               | N-6His                                                                                                   |
| <b>Concentration</b>     | 1 mg/ml (determined by Bradford assay)                                                                   |
| <b>Formulation</b>       | Freeze-dried powder                                                                                      |
| <b>Storage Stability</b> | Store at 2-8℃ for one month. Aliquot and store at -80℃ for 12 months. Avoid repeated freeze/thaw cycles. |

15% SDS PAGE(reduced) analysis of Recombinant Human CRYBB1 Protein
