

## Recombinant Human Leucine-rich repeat transmembrane protein /FLRT2 Protein

db52804

Package : 10µg 50µg 100µg 1mg

**Product Name** : Recombinant Human Leucine-rich repeat transmembrane protein /FLRT2 Protein**Cat.No.:** db52804**Synonyms** : FLRT2**Application** : Positive Control, Immunogen, SDS-PAGE, WB**Tag** : N-6His**Expression host** : Insect cell**Species** : Human

|                          |                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>           | 23768                                                                                                    |
| <b>Swiss Prot</b>        | O43155                                                                                                   |
| <b>Synonyms</b>          | FLRT2                                                                                                    |
| <b>Application</b>       | Positive Control, Immunogen, SDS-PAGE, WB                                                                |
| <b>Molecular Weight</b>  | 57.5kDa (514aa), 50-70KDa (SDS-PAGE under reducing conditions.)                                          |
| <b>Species</b>           | Human                                                                                                    |
| <b>Purity</b>            | >85% as determined by SDS-PAGE.                                                                          |
| <b>Seq</b>               | 36-541aa                                                                                                 |
| <b>Tag</b>               | N-6His                                                                                                   |
| <b>Concentration</b>     | 0.25mg/ml (determined by Absorbance at 280nm)                                                            |
| <b>Formulation</b>       | Freeze-dried powder                                                                                      |
| <b>Storage Stability</b> | Store at 2-8℃ for one month. Aliquot and store at -80℃ for 12 months. Avoid repeated freeze/thaw cycles. |

15% SDS PAGE(reduced) analysis of Recombinant Human Leucine-rich repeat transmembrane protein /FLRT2 Protein
