

## Recombinant Human MGP Protein

db52968

Package : 10μg 50μg 100μg 1mg

**Product Name** : Recombinant Human MGP Protein**Cat.No.:** db52968**Synonyms** : Matrix Gla protein isoform 2 precursor, GIG36, MGLAP, NTI.**Application** : Positive Control, Immunogen, SDS-PAGE, WB**Expression host** : E.coli**Species** : Human

|                          |                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>           | 4256                                                                                                     |
| <b>Swiss Prot</b>        | P08493                                                                                                   |
| <b>Synonyms</b>          | Matrix Gla protein isoform 2 precursor, GIG36, MGLAP, NTI.                                               |
| <b>Application</b>       | Positive Control, Immunogen, SDS-PAGE, WB                                                                |
| <b>Molecular Weight</b>  | 11.8 kDa (98aa)                                                                                          |
| <b>Species</b>           | Human                                                                                                    |
| <b>Purity</b>            | >90% as determined by SDS-PAGE.                                                                          |
| <b>Seq</b>               | 20-96aa                                                                                                  |
| <b>Concentration</b>     | 1.0 mg/ml (determined by Bradford assay)                                                                 |
| <b>Formulation</b>       | Freeze-dried powder                                                                                      |
| <b>Storage Stability</b> | Store at 2-8℃ for one month. Aliquot and store at -80℃ for 12 months. Avoid repeated freeze/thaw cycles. |

15% SDS PAGE(reduced) analysis of Recombinant Human MGP Protein
