

## Recombinant Human PKLR Protein

db53420

Package : 10µg 50µg 100µg 1mg

**Product Name** : Recombinant Human PKLR Protein**Cat.No.:** db53420**Synonyms** : Pyruvate kinase isozymes R/L, PK1, PKL, PKR, PKRL, RPK.**Application** : Positive Control, Immunogen, SDS-PAGE, WB**Tag** : N-6His**Expression host** : E.coli**Species** : Human

|                          |                                                                                                            |
|--------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>           | 5313                                                                                                       |
| <b>Swiss Prot</b>        | P30613                                                                                                     |
| <b>Synonyms</b>          | Pyruvate kinase isozymes R/L, PK1, PKL, PKR, PKRL, RPK.                                                    |
| <b>Application</b>       | Positive Control, Immunogen, SDS-PAGE, WB                                                                  |
| <b>Molecular Weight</b>  | 59.2 kDa (549aa), (SDS-PAGE under reducing conditions)                                                     |
| <b>Species</b>           | Human                                                                                                      |
| <b>Purity</b>            | >95% as determined by SDS-PAGE.                                                                            |
| <b>Seq</b>               | 47-574aa                                                                                                   |
| <b>Tag</b>               | N-6His                                                                                                     |
| <b>Concentration</b>     | 1 mg/ml (determined by Bradford assay)                                                                     |
| <b>Formulation</b>       | Freeze-dried powder                                                                                        |
| <b>Storage Stability</b> | Store at 2-8°C for one month. Aliquot and store at -80°C for 12 months. Avoid repeated freeze/thaw cycles. |

15% SDS PAGE(reduced) analysis of Recombinant Human PKLR Protein
