

## Recombinant Human SNRPG Protein

db53992

Package : 10µg 50µg 100µg 1mg

**Product Name** : Recombinant Human SNRPG Protein**Cat.No.:** db53992**Synonyms** : Small nuclear ribonucleoprotein polypeptide G, Sm-G, SMG**Application** : Positive Control, Immunogen, SDS-PAGE, WB**Tag** : N-6His**Expression host** : E.coli**Species** : Human

|                          |                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>           | 6637                                                                                                     |
| <b>Swiss Prot</b>        | P62308                                                                                                   |
| <b>Synonyms</b>          | Small nuclear ribonucleoprotein polypeptide G, Sm-G, SMG                                                 |
| <b>Application</b>       | Positive Control, Immunogen, SDS-PAGE, WB                                                                |
| <b>Molecular Weight</b>  | 10.6 kDa (96aa), (SDS-PAGE under reducing conditions)                                                    |
| <b>Species</b>           | Human                                                                                                    |
| <b>Purity</b>            | >85% as determined by SDS-PAGE.                                                                          |
| <b>Seq</b>               | 1-76aa                                                                                                   |
| <b>Tag</b>               | N-6His                                                                                                   |
| <b>Concentration</b>     | 1 mg/ml (determined by Bradford assay)                                                                   |
| <b>Formulation</b>       | Freeze-dried powder                                                                                      |
| <b>Storage Stability</b> | Store at 2-8℃ for one month. Aliquot and store at -80℃ for 12 months. Avoid repeated freeze/thaw cycles. |

15% SDS PAGE(reduced) analysis of Recombinant Human SNRPG Protein
