

## Recombinant Human Cytokine receptor common subunit gamma Protein

db54947

Package : 10µg 50µg 100µg 1mg

**Product Name** : Recombinant Human Cytokine receptor common subunit gamma Protein**Cat.No.:** db54947**Synonyms** : Cytokine receptor common subunit gamma;IL2RG;Interleukin-2 receptor subunit gamma;IL-2 receptor subunit gamma;IL-2R subunit gamma;gammaC**Application** : Positive Control, Immunogen, SDS-PAGE, WB**Tag** : C-Fc**Expression host** : HEK293 Cells**Species** : Human

|                          |                                                                                                                                          |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>           | 3561                                                                                                                                     |
| <b>Swiss Prot</b>        | P31785                                                                                                                                   |
| <b>Synonyms</b>          | Cytokine receptor common subunit gamma;IL2RG;Interleukin-2 receptor subunit gamma;IL-2 receptor subunit gamma;IL-2R subunit gamma;gammaC |
| <b>Application</b>       | Positive Control, Immunogen, SDS-PAGE, WB                                                                                                |
| <b>Molecular Weight</b>  | 55.4 kDa                                                                                                                                 |
| <b>Species</b>           | Human                                                                                                                                    |
| <b>Purity</b>            | >95% as determined by SDS-PAGE.                                                                                                          |
| <b>Seq</b>               | Leu23-Ala262                                                                                                                             |
| <b>Tag</b>               | C-Fc                                                                                                                                     |
| <b>Formulation</b>       | Freeze-dried powder                                                                                                                      |
| <b>Storage Stability</b> | Store at 2-8°C for one month. Aliquot and store at -80°C for 12 months. Avoid repeated freeze/thaw cycles.                               |

15% SDS PAGE(reduced) analysis of Recombinant Human Cytokine receptor common subunit gamma Protein
