

Recombinant Human Phosphomevalonate Kinase/PMVK Protein(N-6His)

db55870

Package : 10µg 50µg 100µg 1mg

Product Name : Recombinant Human Phosphomevalonate Kinase/PMVK Protein(N-6His)

Cat.No.: db55870

Synonyms : Phosphomevalonate Kinase; PMKase; hPMK; PMVK; PMKI

Application : Positive Control, Immunogen, SDS-PAGE, WB

Tag : N-6His

Expression host : E.coli

Species : Human

Gene ID	10654
Swiss Prot	Q15126
Synonyms	Phosphomevalonate Kinase; PMKase; hPMK; PMVK; PMKI
Application	Positive Control, Immunogen, SDS-PAGE, WB
Molecular Weight	24.2 kDa
Species	Human
Purity	>85% as determined by SDS-PAGE.
Seq	Met 1-Leu192
Tag	N-6His
Formulation	Freeze-dried powder
Storage Stability	Store at 2-8°C for one month. Aliquot and store at -80°C for 12 months. Avoid repeated freeze/thaw cycles.

15% SDS PAGE(reduced) analysis of Recombinant Human Phosphomevalonate Kinase/PMVK Protein(N-6His)
