

## Recombinant Mouse Interleukin-27/IL-27 Protein(C-6His)

db56320

Package : 10µg 50µg 100µg 1mg

**Product Name** : Recombinant Mouse Interleukin-27/IL-27 Protein(C-6His)**Cat.No.:** db56320**Synonyms** : Interleukin-27 subunit alpha,IL-27 subunit alpha,IL-27-A,IL27-A,p28,IL27,IL27a,Interleukin-27 subunit beta,Ebi3,IL-27 subunit beta,IL-27B,Epstein-Barr virus-induced gene 3 protein homolog,Ebi3,IL27b**Application** : Positive Control, Immunogen, SDS-PAGE, WB**Tag** : C-6His**Expression host** : HEK293 Cells**Species** : Mouse

|                          |                                                                                                                                                                                                        |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>           | 246779                                                                                                                                                                                                 |
| <b>Swiss Prot</b>        | Q8K3I6                                                                                                                                                                                                 |
| <b>Synonyms</b>          | Interleukin-27 subunit alpha,IL-27 subunit alpha,IL-27-A,IL27-A,p28,IL27,IL27a,Interleukin-27 subunit beta,Ebi3,IL-27 subunit beta,IL-27B,Epstein-Barr virus-induced gene 3 protein homolog,Ebi3,IL27b |
| <b>Application</b>       | Positive Control, Immunogen, SDS-PAGE, WB                                                                                                                                                              |
| <b>Molecular Weight</b>  | 49 kDa                                                                                                                                                                                                 |
| <b>Species</b>           | Mouse                                                                                                                                                                                                  |
| <b>Purity</b>            | >85% as determined by SDS-PAGE.                                                                                                                                                                        |
| <b>Seq</b>               | Tyr19-Pro228&Phe29-Ser234                                                                                                                                                                              |
| <b>Tag</b>               | C-6His                                                                                                                                                                                                 |
| <b>Formulation</b>       | Freeze-dried powder                                                                                                                                                                                    |
| <b>Storage Stability</b> | Store at 2-8°C for one month. Aliquot and store at -80°C for 12 months. Avoid repeated freeze/thaw cycles.                                                                                             |

15% SDS PAGE(reduced) analysis of Recombinant Mouse Interleukin-27/IL-27 Protein(C-6His)
