

Recombinant Mouse ACVR2B Protein (His & Fc tag)

db58072

Package : 10µg 50µg 100µg 1mg

Product Name : Recombinant Mouse ACVR2B Protein (His & Fc tag)**Cat.No.:** db58072**Synonyms** : 4930516B21Rik;ActRIIB**Application** : Positive Control, Immunogen, SDS-PAGE, WB**Tag** : C-His-Fc**Expression host** : HEK293 Cells**Species** : Mouse

Background	Transmembrane serine/threonine kinase activin type-2 receptor forming an activin receptor complex with activin type-1 serine/threonine kinase receptors (ACVR1, ACVR1B or ACVR1c).
Gene ID	11481
Swiss Prot	P27040
Synonyms	4930516B21Rik;ActRIIB
Application	Positive Control, Immunogen, SDS-PAGE, WB
Molecular Weight	41 kDa
Species	Mouse
Purity	>85% as determined by SDS-PAGE.
Seq	Met 1-Thr 134
Tag	C-His-Fc
Formulation	Freeze-dried powder
Storage Stability	Store at 2-8°C for one month. Aliquot and store at -80°C for 12 months. Avoid repeated freeze/thaw cycles.

15% SDS PAGE(reduced) analysis of Recombinant Mouse ACVR2B Protein (His & Fc tag)
