

## Recombinant Mouse CD62L / L-Selectin / SELL Protein (His tag)

db58253

Package : 10µg 50µg 100µg 1mg

**Product Name** : Recombinant Mouse CD62L / L-Selectin / SELL Protein (His tag)**Cat.No.:** db58253**Synonyms** : AI528707;CD62L;L-selectin;LECAM-1;Lnhr;Ly-22;Ly-m22;Lyam-1;Lyam1**Application** : Positive Control, Immunogen, SDS-PAGE, WB**Tag** : C-His**Expression host** : HEK293 Cells**Species** : Mouse

|                          |                                                                                                                                                                                                                         |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Background</b>        | Calcium-dependent lectin that mediates cell adhesion by binding to glycoproteins on neighboring cells. Mediates the adherence of lymphocytes to endothelial cells of high endothelial venules in peripheral lymph nodes |
| <b>Gene ID</b>           | 20343                                                                                                                                                                                                                   |
| <b>Swiss Prot</b>        | P18337                                                                                                                                                                                                                  |
| <b>Synonyms</b>          | AI528707;CD62L;L-selectin;LECAM-1;Lnhr;Ly-22;Ly-m22;Lyam-1;Lyam1                                                                                                                                                        |
| <b>Application</b>       | Positive Control, Immunogen, SDS-PAGE, WB                                                                                                                                                                               |
| <b>Molecular Weight</b>  | 34.7 kDa                                                                                                                                                                                                                |
| <b>Species</b>           | Mouse                                                                                                                                                                                                                   |
| <b>Purity</b>            | >95% as determined by SDS-PAGE.                                                                                                                                                                                         |
| <b>Seq</b>               | Met 1-Asn 332                                                                                                                                                                                                           |
| <b>Tag</b>               | C-His                                                                                                                                                                                                                   |
| <b>Formulation</b>       | Freeze-dried powder                                                                                                                                                                                                     |
| <b>Storage Stability</b> | Store at 2-8°C for one month. Aliquot and store at -80°C for 12 months. Avoid repeated freeze/thaw cycles.                                                                                                              |
