

## Recombinant Human CD300C / CMRF-35 / IGSF16 Protein (His tag)

db58262

Package : 10µg 50µg 100µg 1mg

**Product Name** : Recombinant Human CD300C / CMRF-35 / IGSF16 Protein (His tag)**Cat.No.:** db58262**Synonyms** : CLM-6;CMRF-35;CMRF-35A;CMRF35;CMRF35-A1;CMRF35A;CMRF35A1;IGSF16;LIR**Application** : Positive Control, Immunogen, SDS-PAGE, WB**Tag** : C-His**Expression host** : HEK293 Cells**Species** : Human

|                          |                                                                                                            |
|--------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Background</b>        | 10871                                                                                                      |
| <b>Swiss Prot</b>        | Q08708                                                                                                     |
| <b>Synonyms</b>          | CLM-6;CMRF-35;CMRF-35A;CMRF35;CMRF35-A1;CMRF35A;CMRF35A1;IGSF16;LIR                                        |
| <b>Application</b>       | Positive Control, Immunogen, SDS-PAGE, WB                                                                  |
| <b>Molecular Weight</b>  | 18.4 kDa                                                                                                   |
| <b>Species</b>           | Human                                                                                                      |
| <b>Purity</b>            | >95% as determined by SDS-PAGE.                                                                            |
| <b>Seq</b>               | Met 1-Arg 183                                                                                              |
| <b>Tag</b>               | C-His                                                                                                      |
| <b>Formulation</b>       | Freeze-dried powder                                                                                        |
| <b>Storage Stability</b> | Store at 2-8°C for one month. Aliquot and store at -80°C for 12 months. Avoid repeated freeze/thaw cycles. |

15% SDS PAGE(reduced) analysis of Recombinant Human CD300C / CMRF-35 / IGSF16 Protein (His tag)
