## TPPP (DGR32923) Rabbit mAb

db13341

Package : 10µL 20µL 50µL 100µL

**Product Name** : TPPP (DGR32923) Rabbit mAb**Cat.No.:** db13341**Synonyms** : p24; p25; TPPP1; TPPP/p25; p25alpha**Application** : WB, IHC-P**Reactivity** : Human**Host species** : Rabbit

|                             |                                                                                                                                                               |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Background</b>           | Regulator of microtubule dynamics that plays a key role in myelination by promoting elongation of the myelin sheath (PubMed:31522887)                         |
| <b>Immunogen</b>            | A synthetic peptide of human TPPP                                                                                                                             |
| <b>Gene ID</b>              | 11076                                                                                                                                                         |
| <b>Swiss Prot</b>           | O94811                                                                                                                                                        |
| <b>Synonyms</b>             | p24; p25; TPPP1; TPPP/p25; p25alpha                                                                                                                           |
| <b>Reactivity</b>           | Human                                                                                                                                                         |
| <b>Application</b>          | WB, IHC-P                                                                                                                                                     |
| <b>Recommended dilution</b> | WB: 1:1000-1:5000<br>IHC-P: 1:100-1:200                                                                                                                       |
| <b>Calculated MW</b>        | 24 kDa                                                                                                                                                        |
| <b>Observed MW</b>          | 24 kDa                                                                                                                                                        |
| <b>Host species</b>         | Rabbit                                                                                                                                                        |
| <b>Clonality</b>            | Monoclonal                                                                                                                                                    |
| <b>Clonality No.</b>        | DGR32923                                                                                                                                                      |
| <b>Isotype</b>              | IgG                                                                                                                                                           |
| <b>Purity</b>               | Affinity Purification                                                                                                                                         |
| <b>Conjugation</b>          | Un-conjugated                                                                                                                                                 |
| <b>Storage Stability</b>    | Store at -20°C. Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% sodium azide and 0.05% BSA. Stable for 12 months from date of receipt. |

Western blot analysis of extracts from SH-SY5Y cells using db13341 at 1:1000.
