

## GAD65 Rabbit pAb

db20845

Package : 20µL 50µL 100µL

**Product Name** : GAD65 Rabbit pAb**Cat.No.:** db20845**Synonyms** : GAD65; Gad-2; GAD(65); 6330404F12Rik**Application** : WB, IHC, FC, IP**Reactivity** : Mouse, Rat**Host species** : Rabbit

|                             |                                                                                                                                                               |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Background</b>           | Catalyzes the production of GABA                                                                                                                              |
| <b>Immunogen</b>            | A synthetic peptide of mouse GAD65                                                                                                                            |
| <b>Gene ID</b>              | 14417                                                                                                                                                         |
| <b>Swiss Prot</b>           | Q05683                                                                                                                                                        |
| <b>Synonyms</b>             | GAD65; Gad-2; GAD(65); 6330404F12Rik                                                                                                                          |
| <b>Reactivity</b>           | Mouse, Rat                                                                                                                                                    |
| <b>Application</b>          | WB, IHC, FC, IP                                                                                                                                               |
| <b>Recommended dilution</b> | WB: 1:1000<br>IHC: 1:200<br>FC: 1:20<br>IP: 1:20                                                                                                              |
| <b>Calculated MW</b>        | 65 kDa                                                                                                                                                        |
| <b>Observed MW</b>          | 65 kDa                                                                                                                                                        |
| <b>Host species</b>         | Rabbit                                                                                                                                                        |
| <b>Clonality</b>            | Polyclonal                                                                                                                                                    |
| <b>Isotype</b>              | IgG                                                                                                                                                           |
| <b>Purity</b>               | Affinity Purification                                                                                                                                         |
| <b>Conjugation</b>          | Un-conjugated                                                                                                                                                 |
| <b>Storage Stability</b>    | Store at -20°C. Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% sodium azide and 0.05% BSA. Stable for 12 months from date of receipt. |
