

## GCDFP 15 Rabbit pAb

db4898

Package : 20µL 50µL 100µL

**Product Name** : GCDFP 15 Rabbit pAb**Cat.No.:** db4898**Synonyms** : GPI4; GCDFP15; GCDFP-15**Application** : WB, ICC/IF, FC**Reactivity** : Human**Host species** : Rabbit

|                             |                                                                                                                                                               |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Background</b>           | Prolactin-inducible protein                                                                                                                                   |
| <b>Immunogen</b>            | A synthetic peptide of human GCDFP 15                                                                                                                         |
| <b>Gene ID</b>              | 5304                                                                                                                                                          |
| <b>Swiss Prot</b>           | P12273                                                                                                                                                        |
| <b>Synonyms</b>             | GPI4; GCDFP15; GCDFP-15                                                                                                                                       |
| <b>Reactivity</b>           | Human                                                                                                                                                         |
| <b>Application</b>          | WB, ICC/IF, FC                                                                                                                                                |
| <b>Recommended dilution</b> | WB: 1:1000<br>ICC/IF: 1:20<br>FC: 1:20                                                                                                                        |
| <b>Calculated MW</b>        | 17 kDa                                                                                                                                                        |
| <b>Observed MW</b>          | 17 kDa                                                                                                                                                        |
| <b>Host species</b>         | Rabbit                                                                                                                                                        |
| <b>Clonality</b>            | Polyclonal                                                                                                                                                    |
| <b>Isotype</b>              | IgG                                                                                                                                                           |
| <b>Purity</b>               | Affinity Purification                                                                                                                                         |
| <b>Conjugation</b>          | Un-conjugated                                                                                                                                                 |
| <b>Storage Stability</b>    | Store at -20°C. Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% sodium azide and 0.05% BSA. Stable for 12 months from date of receipt. |
